

**President's Weekly Bulletin – June 12, 2020**

**Robyn Mehlenbeck, PhD**

Dear Members, Trainees & Friends,

One of the best things about SDBP is our ability to connect. Our organization, while still needing to grow in so many areas, provides an opportunity to share our common passions, goals and most of all, get to know and support each other. Maybe it took a pandemic and horrific racism to remind us how we need each other, grow from our interactions with each other, and need to connect more than once a year. Thus, out of crisis, comes creativity and opportunity.

I look forward to continuing to connect with so many more members, trainees and friends as we explore difficult topics, including racism.

I also strongly encourage everyone to participate in the **advocacy action moment**, shared by the Advocacy Committee and RACE CARD (Race and Children Education Collaborative of Anti-Racist DBProfessionals) by **June 19, 2020**. You can do this by submitting blog posts, op-ed pieces, letters to the editor, and commentaries regarding the developmental impact of racism. The theme of the encouraged posts is "**Racism is a Developmental Issue.**"

Finally, many of you are thinking about the Annual Meeting in October!

**YES we will have a meeting**, although it will likely be virtual. The program committee is working extremely hard to ensure that our programming will be excellent, accessible and engaging (thanks to so many of you who submitted to present)! When I think of connecting, I always think of our meeting!! We may need to be innovative, creative and virtual, but we have some incredible folks who are on top of all of this. More to come...
